

It may be noted that these combinations are present in the horoscopes of all the above mentioned personalities in different quantities (Ansha) in case of Shri Mataji all these combinations are present in full strength. No. 4 combination and No. 5 combination is particularly observed to be very strong in case of Shri Mataji as compared to others. Shri Mataji is born in Gemini Lagna (whose Lord is Mercury) with Moon in Bharani Nakshatra (whose Lord is Venus), which means she is under the ruling aspect of Mercury and Venus.

5. Venus or Mercury is the ruling planet in all the cases. If both are there it is excellent because both the planets are Dnyan Karak.

4. Lagna being aspected by Jupiter and Laganesha aspected by Jupiter is an added strength giving one the capacity to become world guru (Jagatguru).

3. Ketu the Mokshakaraka planet should be in the 9th Dharmasthan and the truthfulness. This planet gives the capacity to go all alone.

2. Saturn aspects the Lagna, it shows the concern for the masses and the ability for Tapasya - Penance.

1. Gajkesari Yoga or 5th, 9th position of the Moon and Jupiter This indicates past Punyas, Punya Sanchaya or highly religious past lives.

Lalit Bhandari

Love is a source of energy that makes things grow in a living manner. Love does not mean that you hug somebody. It is a living energy that understands, that makes you.

- H. H. SHRI MATAJI

According to the birth horoscope and Sahaja Horoscope of 5-5-1970, Jupiter passed through Libra. Jupiter will again pass through Libra in 1993 and Sahaja Yoga will blossom in the entire world. Shri Mataji is born with Rahu Nakshatra in Ascendant - Mercury (Gemini) and Moon in Bharani (Venus) Nakshatra, clearly indicates that Rahu means Music, TV, Radio, (that is either principle) and Venus means Music, film personalities, artists can help. Mercury is the ruling planet of the present day politics (Sahaja can enter through present political system).

In the early Indian politics at the time of Jawahar Lal Nehru and Mahatma Gandhi, the ruling planet was Venus. Thereafter the ruling planet of Indian politics has been Mercury as all the important political events took place on Wednesday. It may be noted here that Shri Mataji has both Venus and Mercury as her ruling planets. Thus she has full sway over the past and future of Indian politics. This is further confirmed from the horoscope of 5.5.1970 (Sahaja horoscope) which is almost identical with Shri Mataji's horoscope, having Gajkesari in Libra, Saturn aspecting Sahaja period is up until 15 August 1996 during which all great souls will be attracted to Sahaja Yoga and have their inner (spiritual ascent) purification and then from 15 August 1996 for 10 years the Moon Dasa is starting that is it goes to the masses, and the work is completed up until 15th August 2006.
