*If your Agnya is alright, then your eyes are perfectly alright. They emit nothing but love wherever they glance. Only with a glance of your eyes you can raise the kundalini; with the glance of your eyes you can cure people. Only with your glance you can bring joy into the destroyed, ruined people, with your eyes. They are the windows of your being. A realised soul's eyes sparkle like diamonds.*

*One must know what to order and how to obey. Obey the Divine. Obey our elders. Obey your Self and not your ego. Then you can order also others. Not only human beings but the Sun and the Moon and the Winds, and everything in the world. Everything you can control with this agnya. If you know someone is going to do something wrong, take his name to your agnya and he will not do it. Anything you order on your agnya must be respected. But your agnya must have Christ there - your agnya has to be clear.*

*Those who have a good agnya can master anything. You can really become the master of yourselves. When people see you they will know Christ is reborn again within you. As long as you have done no wrong, there is nothing to worry. And as it is, even if you have done some wrong, God is there to forgive you.*

At Nagpur Academy BabaMama was asked, when he received his Self-Realization. It was 20 Dec.1985, when Dr.Rustum and Rajesh Shah were discussing, how it can be possible that the formless can achieve a form. BabaMama was laughing and said that's too much, how can you discuss about something like this? But Dr. Rustum asked BabaMama, if he had received his Selfrealization already. BabaMama replied no.

Rustum said: Why? You haven't got your Realisation yet? Come, it will only take one second.

BabaMama laughing: Shri Mataji didn't succeed in this for 13 years - how

will you manage to do it?

R.: What do you love most/first, what is most dear to you?

B. at once: My Sister! (!)

R.: What do you love second ?

B.: Music!

R.: What is for you the Epitom, the Highest in Music?

B.: The sound that reaches the audience...

R.: Imagine that Shri Mataji is this sound.

B.: And it made "click", and he felt the vibrations everywhere and the cool breeze above of his head, and he was full of Joy.
