Concord Festival

Last year there was very little response to
the Sahaja Yoga presence at the Concord Festival.
This year what a turn around! Lots of people
saw Shri Mataji's photo and asked for handouts.
The musicians played, everyone enjoyed and
the atmosphere was filled with good vibrations.
The festival organizers were very happy & thanked
us for the performance. About 40 people got
Realization.

Dear Brothers and Sisters

Today we received a letter from Dharmshala school containing our children's reports, as well as a general newsletter from Mr Rao. In his letter, he suggests that parents write weekly letters, and that some children have complained that their parents do not reply to their letters. Our children have mentioned to us that some children get no letters at all.

Trying to write a letter may be a little emotionally painful because we miss them, but we are the parents and it is up to us to overcome this and provide a sense of security and reassurance through regular positive communication.

Weekly letters become a continuing conversation with our children, where problems can be discussed and resolved, views on life and the world can be exchanged, and we can tell each other of our day-to-day activities. The children love to hear the very things we love to read about in their letters - our latest pujas, friends we have visited, funny things that have happened. What better way to become close to our children and share the joy of life in Sahaja Yoga than to "talk" to them every week in a letter!

The children also love to hear from Aunties and Uncles, getting a letter from anyone is a great event at the school. It's then nice to encourage the children to write to others besides us - Aunties, Uncles, grandparents and friends all enjoy the tales of life at Dharmshala. Any effort we make in this area will only improve our relationship with our children and give us joy

With love and respect, Kim Pearce
