Locked in the cage of the mind  
with the bars of conditioning  
and the chains of Mr Ego  
Spending the darktime with  
the inmates of past sins

Haunted by old fears  
or by tomorrow's uncertainty  
The Age ends, the tunnel has no door  
or light to spark up hope

Our Creator comes on the stage  
Divine in disguise, looks just like us  
But with Her Infinite LOVE SHE SAVES  
Her compassion melts all the darkness

Spirit Awakens, shining the path to Heaven  
Seeking you shall find  
Find and follow Her  
Singing Her Infinite Glory and Praise  
Nirmalites Nirmalites Nirmalites

A big hello from the Bush Telegraph.- missing the great collective already. So good to be with you all in Sydney.

A special thanks to Sue and Russell for all the hard work and caring, the good food enjoyed by all.

Will be going on SafariRound-up this week to Gympie Sahaja-Yogis. It's one and a half hours drive from here North East. We must applaud them for their diligence in their practices without a collective. The Nanagonites are good.

Our special friend Sue Sutcliffe returned to South Africa, via Bangkok & London, this week. Sue made many friends here in Australia and she will be missed by us all. A special message to Sue (wherever she is)... "Wind-In-Her-Hair says you will ALWAYS be her friend."

Like the young lamb bleats,  
Like the starved man eats,  
Like the parched earth sucks the rain,

I now am so full  
of the magnetic pull  
Of a heart that is winging free:

With no more sorry eye  
Fast Homeward I fly  
To the Hub of Sri Mataji.

Mahalakshmi Puja - Melbourne Sunday 16th Feb 1992

Shri Mataji apologized at the start of the Puja for having to speak in a strong way, this would be a Kundalini - Gauri Puja. There were some problems occurring in Melbourne, a group had formed within the collective and Shri Mataji was concerned about this. Some of Shri Mataji's tapes had been edited and She was very unhappy with this, we do not have the right to do this. She said that some of us are seeking money and power and these were frivolous things of no value, when we go to a lower level then the desire for power comes into our heads, we should never hanker after power and leadership, also many of us suffer from racialism and this is something we will have to work out.

Shri Mataji also said that if She was only interested in the number of human beings in Sahaja Yoga then She would stay in Russia, the Russian Sahaja Yogis are so high up. She said the Yogis of these six Communist countries are not seeking power, money or non sensical things, they are seeking God, the truth, they are so compassionate compared to us, communism has really been of help to them. Gorbachev wants to meet Shri Mataji. She then spoke of us helping ourselves to overcome our past, we must meditate and support the collective.

She said that it was now the Kruta Yuga, the Paramchaitanya has started to become active, and dynamic and it was because of this they we have all received our realisation, we have seen the miracle photographs mentally but not with our hearts.

'The development of your being is the most important thing, of course you have all the powers but you have to manifest them'.

Shri Mataji gave a recent example involving Rajesh Shah his uncle was very sick in the hospital and they said that he did not have much time. Rajesh went to the hospital to see him and he did not have a photograph with him so he took out his pendant and asked 'Mother please save my uncle', just after that his Uncle opened his eyes and now he is completely cured. This shows us the inner development, the powers we have, which are the real powers we have, not the power of a leader, or the power to bring someone down.

Brisbane Wednesday 19th

Following the Public Programme Shri Mataji talked to us at the Ashram. She warned us about approaching Sahaja Yoga in a mental fashion, if mentally we start trying to understand everything then we may start to interpret what Shri Mataji is saying which should be avoided. She said what She has said is all written down clearly, the best approach is to use your vibrations, we must see our vibrations,

not the vibrations of others, but our own vibrations, we must see how our vibrations are.

Shri Mataji then spoke of the protocol of addressing people who are older than us. She gave the example of our leader, Mr Stephan, She can call him Stephan because he is much younger than Her, but if he is older than us we should not call him Stephan, we should say Mr Stephan, or Uncle Stephan, this is our culture to respect elders. We must call them with respect, Uncle or Mr we should not just call them by their first names. She said this lack of protocol started in the West and has only taken on in recent years, it is important that certain respect must be maintained, this She said we can learn from Indian culture. If proper respect is not shown then this has an adverse effect on all of society, also if we do not show proper respect then our children will also not have respect.

Shri Mataji related a conversation where the policy for children was under discussion and She said heard in the West the attitude is that children should never be told not to do things, that this is a negative attitude, and that children should not be controlled.

Shri Mataji said that we MUST tell our children that certain things should not be done, sometimes children can be naughty and must be told, don't do this. We should develop a proper and balance understanding of life, how to raise children and help them to behave in a manner that will be constructive not destructive.

The previous night Shri Mataji watched a video of Ghostbusters II with us, She said that the ghosts are not like that on the outside but they are much more subtler and they work on the inside, but we should be on our guard, be strong with our vibrations and we will not be affected. About the film She said that if they can make such fantastic nonsense then why could we not make a film about God, We have so many facts, God is the most interesting theme, there are so many proofs of it.

#### ANNOUNCEMENT

It gives me great pleasure to announce that Shri Mataji has appointed Michael Fogarty as co-ordinator of New South Wales.

He will take up his duties when he returns from holidays at the end of March.

I welcome him to his new position and with some measure of relief hand over to him my extra hat at that time.

Please give him all the support you have given me and I am sure he will do great things in the expansion of Sahaja Yoga in New South Wales.

Stephan.

PS: I won't give you his phone number until he comes back!
