MAY 13TH '94.

"I looked about me and could see that what we then were doing was like a shadow cast upon the earth from yonder vision in the heavens, so bright it was, and clear.

I knew the real was yonder and the darkened dream of it was here."

.... TO FORGIVE, DIVINE

Cabella News.

About 1,100 attended Sahasrara Puja which was held on Sunday 17th May.

FROM INDIA.

From: Lyn Vasudeva, 91 22 514 8939

We had a Maharashtra seminar a few weekends back, where everybody came from far and wide and we all stayed overnight at Washi Ashram. Rebecca and Sumanta were over from Calcutta - it was great to see them after so long. After a havan and various messages and presentations, Anand Maheshwari played his flute and sent us all sweetly off to sleep. Next day it was really, really hot and marathi, but vibrations just kept building up. At the Sahasrar Puja after that everyone felt tremendous - so light, clear and open hearted. Then we got a message Shri Mataji sent her blessings to the Bombay Sahaja Yogis!

INDIA TOUR REMINDER

I am writing to you to try to explain the difficulties experienced with the arrangements for the India Tour 1993/4 from the point of view of the organising committee here in London. I would ask you to bear in mind Shri Mataji's own remarks made in Ganapatipule, and then to consider the enormous size of what it is that we are organising. With no professional help, somehow more than 500 people have to arrive in India, to be met at the airport, to be housed, fed and transported. Even before this, a multitude of arrangements have to be made in India and expenses are incurred there. In London we have to keep track of all your payments, compile lists of all the details of every single person who is coming on the Tour and keep in communication with the organisers in India.

Even if all the arrangements were to go perfectly, all this would constitute a major task of administration. When Shri Mataji asks us with only a month or so to go, "How many people will be on the Tour?", it is very embarrassing that we still have very incomplete information. For this reason, arrangements in India were cancelled, only to be remade at a later date. This is embarrassing for the Sahaja Yogis in India; and we organisers! Please do your best to co-operate - at least read the letters and pass the information on. It is our experience in London that it is never too early to start looking into flights and so on, and we will be making preliminary contacts with the airlines soon.

Thanking you in advance for your help.

Jai Shri Mataji!

PS. I have shown the above text to Shri Mataji. She was strongly in agreement with it, in fact saying that I should send it more than once! She also pointed out that the Tour is for Us, and that it is a strain for Her.

We should ask ourselves, "For how long will it continue?"
