When you judge others, you should know that you are being judged by God. In judging others, God has judged you also. It is His judgement which is going to decide how far you are.

WAMURAN NEWS

June 6, 1993

Hello Everybody!

Keep tuned for the first of a fortnightly newsletter based on progress reports from Wamuran, interspersed with any other relevant news or information to be circulated amongst the collective. It will be available at each fortnightly meeting at Wamuran. We will be more than happy to post a copy on a regular basis to anyone interested.

Several weeks ago, Kevin Pauling, a Darwin Sahaja Yogi, of tractor fame, rang to tell us of some Jarrah windows available cheaply from a demolition site in Darwin. As a result, there is now a large pile of window frames and other wood waiting to be used at Wamuran.

A very big thank-you to Kevin for his interest and hard labour in preparing the wood for transportation.

A large shed is in the process of being built as a work area and for lock up storage. So far the framework is up, and some windows are in place. Thanks to Bob for filling the nail holes in the second hand roofing with silicone. Quite a large part of the work has been done under floodlight at nights! It now rivals the kitchen as the place for a chat!

As a result of placing an ad in the local paper to sell firewood, we have just delivered our tenth load at \$40 a load. This could well prove to be a regular source of revenue.

After our plea for help in the Sydney newsletter, offers have been pouring in from various individuals. A carload of people is planning to arrive mid July, also several other offers from Canberra, Cairns and Sydney. It seems that mud brick making interests ladies as well as men, so with the construction of the brick making machine under way, production will soon be in full swing.

After a hair raising episode on the tractor, a certain yogi has very kindly donated money to repair the brakes on said vehicle. After helpful advice from the mechanic, Bevan then fixed third and fourth gear in a flash. The tractor was last seen headed for the State Forest, swallowed up in a cloud of Wamuran dust!

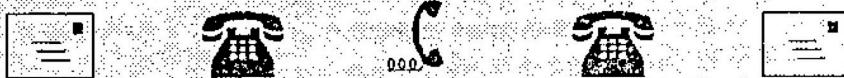

Public risk insurance has been arranged for public programs, as well as building insurance to cover such things as theft and injury on site.

A big welcome to Paul Nicoli who will be joining the residents of Wamuran shortly.

Any yogi birthdays coming up? Don't forget the perfect present ---- An India Tour raffle ticket! Available from Debbie Miller at \$15 a ticket.

Two new public programs started recently -- one at Southport and one at Kerry and Mary O'Neill's home at Ascot. Both programs are held Thursday evenings and both have been well attended. All yogis welcome!

We wish to thank everyone involved for the time and effort put into the first workshop held at Wamuran recently. A roll up of nineteen new people and approximately the same number of yogis made the day a great success.

We are pleased to announce that the collective have purchased a LARGE SCREEN VIDEO PROJECTOR. This allows us to project an image 4ft x 4ft up to 12ft x 18ft. We tried this out at Burwood last Friday night and played a tape of Shri Mataji it really brought the evening to life, with Shri Mataji larger than life!!

This video projector is available to all the states ( a portable case is being made). We can use it for seminars, public programs and when Shri Mataji is here we can project her image on the side of the stage so that everyone in the hall can see her.

## ADI SHAKTI PUYA

11.06.93 08:40  
FAX from FRED MEYER.

ADI SHAKTI is the pure love of god. This is the 1<sup>st</sup> time we worship Mother herself, the Adi Shakti.

The snake in the garden of Eden was the kundalini inviting Eva to taste the fruit of knowledge. This is very hard to perceive for people that only have had a glimpse of Christ and Mohammed. Adi Shakti is power of pure love, she expresses this through the Mother Earth, through stars and galaxies. Any person without love & compassion can not have any divine power. All creation and beauty is because of divine love which is Adi Shakti the kundalini. When I express my divine love it is like ripples on the water coming back to my heart. This is so beautiful that it brings tears to my eyes. The Father expresses all his love through Adi Shakti and remains empty, the Witness.

Benevolence is the first thing that is achieved through this Divine love. Benevolence is all that is good for the spirit. So you just become the giver. First people were fighting for freedom. Some used this to get power and occupy countries. Then a subtle change came from seeking for this freedom which still was not the Truth. So much nonsense came from this freedom of choice, slavery, caste system, racism etc.

Adi Shakti had to come to work this out. Family life was the 1<sup>st</sup> important thing. The child has to receive the full love for the benevolence of the child from the parents. No indulgence or spoiling but constant attention for his benevolence.

Children fight and don't like anything because there is no love in their hearts. When I was born I met hardly any seekers, everybody hates the Divine and were only interested in gross things like insurance etc. I thought I was born too early but then I noticed pale gurus and I knew I had to hurry up. Then when the event of 5<sup>th</sup> of May came I thought I could never make them believe they could get their selfrealization. People thought it was just another lecture like Gita etc. Then I saw that the powers of Adi Shakti were much more powerful than the problems of those days. It could awaken the kundalini in masses. But I was so surprised that people came back and wanted to work it out. So this power did not go into but over their heads, and this experience of truth, magic really surprised people. During of all Puya's and publ. programs I raise my kundalini and put you in My Body. So I now everything about you, when you want to start an Ashram or etc. The relationship between you and me is so intimate but if you do not meditate that relationship is not there I have nothing to do with you. There is no connection. You may be high in Sahaja Y. get a degree from your leader but you are nothing to me. I see clearly when you are not meditating.

In meditation you grow, nothing else matters! If you are mature in S/Y. you will not want to give up meditation, then I take responsibility for you. People who only meditate by themselves should know that they need to meditate collectively. You should have a full oneness with the Divine. We have achieved a high level but you have to be humble about your meditation. People who do not meditate collectively get lost from S/Y. Every program should have a meditation.

We started the Puya with 5 min. meditation while Mother blew in the Mikes then concluded "If Rudras are awake destroying all negativity. Ignorance is the biggest negativity!"

Dear Phil,  
There were two programs in Ireland during the last two week-ends, on the 4th and 11th of June. On the previous one there were approximately 50 people, most of them were new people and some of them came for the second time. The program was wonderful, with beautiful vibrations. Moreover there was a live talk about Sahaja Yoga on the radio (the name of the radio is Anna'Livia), for 10-15 minutes. The reporter was very positive and so far there were no negative responses. The latest program was held in a new smaller hall. The rain was so heavy, that the yogis did not expect anyone to come. Still 15 people turned up and the meeting was very pleasant. As there were less people there was a workshop, which the new people enjoyed very much. Their questions were very good and they could understand the universal integrity of Sahaja Yoga. Brian who was on all the three programs said that the quality of this latest program was the best, the deepest. This Friday there will be another program, and as far as I know none of the English Sahaja Yogis will go. Let's do a bhandan for our brothers and sisters in Ireland. In two weeks time there will be Sri Mataji's program in the Royal Albert Hall and we hope that some of the new people from Ireland will come and see Her there.  
These are the latest news about Ireland, and we really have a big desire that Sahaja Yoga will be well established in Ireland. Jai Sri Mataji!  
Best wishes to all yogis!  
Katalin
