OCTOBER 8+L '93

But first of all we are cowed down by our own personal, selfish, stupid ideas. THROW THEM AWAY. We have them, because, we were insecure, because we have wrong ideas, throw them away. *Just stand along one with God.* And, you will find all these fears were useless. Our cleansing is very important, and that cleansing comes only when you *really* practise the cleansing as told in Sahaja Yoga.

Still coming.....

Central Coast News..... Here is a large area but not a lot of yogis, but we would like you to know of our collective and our activities up here.

We have four houses. The main centre at Gosford. Malcolm & Jaayu at Kariong, Zoe at Avoca and Susie at Jillaby. Currently, Celia and family who are living in the Gosford ashram, are moving interstate at the end of the year leaving only Diana and myself. This puts the ashram in danger of closing down and after all the great effort it took to get started, we would not like that to happen. We need a few committed people to keep it open and maintain Sahaj yoga's strong presence on the coast.

If anyone is interested, please phone David Coleman on (043) 231913
